The County, it is thought, will give Cole 500 majority.

WAUKESHA.—The following ticket was elected by the people of Waukesha, on town-meeting day, without distinction of party:

For Supervisors—G. C. Cone, Ch'n—Alvin Blackwell, Job—H. B. Randall.

For Justice of the Peace—E. M. Randall, George B. Burcham (to fill vacancy).

For Treasurer—J. R. Isom.

For Town Superintendent—L. O. Slye.

For Assessors—James Davis, Henry Bowler, M. T. Olson.

For Constables—B. D. Brown, J. R. Damon, Wm. C. Carlson.

Sheboygan County.

This county is reported at 230 majority for Crawford, for Supreme Court Judge, and 600 or 700 for Circuit Judge.

For Associate Justice of the Supreme Court—Orsonus Cole, 165 majority.

WAUWATOSA.—The State Administration in the opening of its session must have been very seriously concerned with the developments already made, as the Governor, as the organ and head of that Admin. could frame and carry out the Law, which was a discussion at that time. We would have been investigating, and the members of the state court bear themselves and act as if they were to be the first to fall who will aid a dastardly effort, the fate of their Representatives is to consider the true condition of their affairs.

It is A. W. KARLSTEDT.—We had the pleasure yesterday of growing this gentleman, the able & energetic in the Assembly from the Waukesha County. He has proved himself a true and fair & upright, and steadily told and spoke and labored throughout the Session, for every measure of reform, and against all the malignant operations of the State Administration to the damage of the people.

**Products Transports.**

We find in the Detroit Advertiser a statement of the amount of produce transported over the Michigan Central Railroad between Chicago and Detroit, including way stations, for the year 1854. A comparison which we give below of the above with the amount of principal articles transported over the Milwaukee & Mississippi Railroad, 100 miles or the same period, makes a very favorable appearance for the latter.

We give our Milwaukee friends fair notice that the above showing on our side is to be far exceeded this year.

The New Journal of Commerce—The last Green Bay Advertisers justify condone the practice which has obtained in our state courts every year. The Advertisers, very justly says:—"This division up of the circuit for trial of criminal cases is a most serious evil. The Legislature is committing a grievous evil in Wisconsin. We have no less circuit, with no judges at salaries of \$1,500 each. The greatest men of New York, if we are to judge, have had no better such an amount of litigation, or surplus funds to pay salaries, other than state, as to warrant these expenses even legal organs alone."

We find in the Milwaukee Journal, familiar with the subject, that there is a general in the state, the duties of which are the time of the judge six months in a year, or in most of them their time is now occupied three months.—[News of Tuesday]

We have already and repeatedly borne our testimony against this evilistic vice of carving judicial districts to provide comfortable berths for our lazy lawyers.

Two new and distinct circuits were created, and this year one—selected by the Legislature, and adding unnecessary expense to the public expenses. We have now few circuit judges in this state to do the work which can easily be accomplished, and have a couple months each year, at least.

FOR ASSOCIATE JUSTICES.—We are requested to suggest to the Postmaster that, including the usual places of deposit, letters to be mailed at the post office, of which we are now privy to the mailing of unpaid bills, will bring to the attention of the Postmaster, and add to his burden to collect the same.

FOR THE STATE LAND OFFICE.—Correspondents—We are requested to suggest to the Postmaster that he will be adopting a plan, which, however, it may prove the mailing of unpaid bills, will bring to the attention of the Postmaster, and add to his burden to collect the same.
